

Event: JUNIOR ACHIEVER PROGRAMME

Venue: Nanyang Institute of Management

Date: February 2018

As our students starts to prepare themselves to embark on their professional life, there are still many unanswered questions about what lies ahead. To prepare our students, NIM partnered with Junior Achiever, Singapore to upskill and further expands our student knowledge beyond the usual classroom teaching. The two weeks intense workshop challenged students, through interactive classroom activities, to start their own entrepreneurial venture, while providing useful, practical content to assist our students in their transition from being a student to productive, contributing members of society.

Our students explored the crucial workplace skills that employers seek and learned about valuable tools to help them find that perfect job, including resumes, cover letters, and interviewing techniques. Furthermore, it encouraged our students to explore the fundamental elements of personal finances: earnings, saving and investing, budgeting, credit, risk management, and giving. Students can apply these elements to a personal financial plan that allows them to set specific goals for their lifelong financial needs and desired quality of life.

Last but not least, the Job Shadow provides an opportunity for our students to a visit to a professional work environment. We would like to thank **AMERICAN EXPRESS SINGAPORE** for hosting and providing our students for this Job Shadow segment. Our students indeed had benefitted a lot from the programme.

Thank you Junior Achiever Singapore!

Mr Raymond Khoo
